

Health and Beauty

Beauty is the external proof of health; with failing health comes failing beauty. Woman's delicate organism is frequently over-taxed by arduous household duties, and the demands of society. The constant drain upon her vitality weakens her nervous system. The penalty is a tired, worn-out, exhausted condition which destroys her appetite, robs her of rest, and at intervals causes much suffering and distress. When these conditions exist, the weakened nerves must be strengthened. Dr. Miles' Nervine will do this. It stimulates the action of all the organs, brings refreshing sleep, and drives away that look of care.

"I have taken Dr. Miles' Restorative Nervine for years, as did my mother before me. Whenever I feel tired, worn-out, or have headache, I always take the Nervine and it strengthens me. I consider it a great remedy for nervousness or debility."

MRS. C. L. FREDERICK, Canton, Ohio.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

ITALIAN VESSEL SINKS

STEAMSHIP SIRIO WRECKED AND ABOUT THREE HUNDRED PERSONS DROWNED.

CAPTAIN COMMITS SUICIDE

HE ADMITTED THE WRECK OF HIS VESSEL WAS DUE TO HIS OWN IMPRUDENCE.

Cartagena, Spain, Aug. 6.—A terrible marine disaster occurred in the evening off Cape Palos. The Italian steamship Sirio, from Genoa for Barcelona, Cadiz, Montevideo and Buenos Ayres, with about 600 persons on board, was wrecked off Hornegras Island. Three hundred immigrants, most of them Italians and Spaniards, were drowned. The captain of the steamer committed suicide.

The bishop of San Pedro, Brazil, also was lost and it is reported that another bishop is among the missing. The remainder of the passengers and the officers and crew got away in the ship's boats or were rescued by boats from the shore. Several fishermen, who made attempts at rescue, were drowned.

Those rescued from the vessel are now at Cape Palos in a pitiable condition, being without food or clothing. The Sirio struck a rocky reef, known as Bajos Hornegras, and sank soon after, stern first. Hornegras Island lies about two and a half miles to the eastward of Cape Palos.

The Sirio was owned by the Navigazione Italiana of Genoa.

Carried Many Passengers.

Before he committed suicide, the captain declared that the steamer had 645 passengers on board and that her crew numbered 127 men. The Sirio had 570 passengers when leaving Genoa, but additional Spanish passengers were taken on board at Barcelona, where the vessel touched a few hours before the disaster.

The disaster occurred at 5 o'clock in the afternoon. The steamer was threading a difficult passage through the Hornegras group, where the Bajos Hornegras reef is a continual menace to navigation. The vessel began to settle rapidly immediately she had struck and a terrible scene of confusion and panic ensued on board. The fishermen along the coast sought to render every assistance in their power and sent out boats, which brought many survivors ashore. Most of the officers and crew of the Sirio are among the saved.

The survivors have gone into camp on the main square of the town at Cape Palos. Here harrowing scenes are enacted as the stricken families anxiously seek beloved members among the rescued. A mother, who lost her three children, went insane. The doctor of the Sirio gave up his wife and child as lost, but they were finally brought in by one of the rescuing boats and this family was reunited. One of the boats sent out by fishermen brought in twenty-four passengers.

In a Deplorable Condition.

The condition of the survivors is most deplorable. They have lost everything and are without money, food or clothing. The maritime authorities of Cartagena have dispatched a tug to the scene, carrying relief supplies. The building of a circus and the poorhouse are being used as temporary quarters for the survivors.

The latest reports from the cape say that three boats have just brought in a number of the rescued.

The captain of the Sirio, before killing himself, attributed the wreck to his own imprudence. The Sirio left Genoa on Aug. 2.

All the ship's books were lost. It is impossible at present to ascertain the full extent of the disaster. Nineteen of the passengers were Italians and the remainder were Spaniards. All the survivors have been landed at Cape Palos. The inhabitants provided them with clothing and nourishment. Thirty were landed at Hornegras Island, about one mile from the scene of the tragedy.

Fishermen brought in the first news of the foundering of the Sirio and it created consternation here. Passengers confirm the fearful nature of the calamity. From the broken narratives of the terror-stricken survivors it would appear that it was the intention of the captain of the Sirio after leaving Barcelona to call at Cadiz, before proceeding to Brazil. The captain, in order to shorten the route and gain time, purposed to pass as close as possible to the dangerous rocky ledges surrounding the Hornegras Islands. Without any warning and while running at full speed the Sirio crashed upon the rocks with terrific force.

Passengers in a Panic.

A few minutes later the vessel sank. The passengers were in a state of horror and panic. Crowds rushed forward, pushing each other and fighting for places in the bow. Many fell and were trampled to death. Dozens threw themselves into the sea. A young mother who was carrying her baby was advised to abandon the child and try to save herself alone. This she refused to do, declaring she preferred that they die together. Both eventually were picked up alive from the water.

The captain and officers of the Sirio endeavored in vain to restore a semblance of order and organize the life-saving. This was not accomplished, for the vessel suddenly either broke in half or glided off the rocks and foundered in deep water. The captain purposely sank with his ship.

The archbishop of San Pedro went down with the vessel while blessing the drowning passengers. The other bishop who was at first supposed to have been drowned, has since been reported safe. He is at Cartagena.

A steamer engaged in rescue work has reached port. She has on board the bodies of several infants.

The Austrian consul at Rio de Janeiro was saved but lost a large sum of money.

The government has issued instructions that every possible measure for the relief of the stricken people shall be taken.

Lawyers to the Rescue.

A fleet of trawlers providentially happened to be only about 100 yards away when the Sirio struck. Notwithstanding the great danger the skippers of these boats came at once to the rescue. The survivors of the Sirio united in praising the conduct of the captains of the trawlers Joven Miguel and Vicente Llicano. The former steamed close to the side of the sinking ship and took off 300 persons. The crew of this trawler endeavored to sheer off, fearing that their boat would be sunk, whereupon the captain drew his revolver, levelled it at his men and shouted:

"As long as it is possible to take off another passenger we will not move."

The deck of the Joven Miguel became so crowded with terror-stricken survivors of the Sirio that the skipper was obliged in order to prevent his boat from capsizing to force them down into the hold at the point of his revolver.

The Vicente Llicano saved 200 passengers and an old fisherman sailing a dingy, alone saved twelve. A roll call shows that 308 persons from the Sirio are missing, but it is believed that a few were taken on board French and German steamers which continued on their voyage after the Sirio sank.

It is said that a large number of the first and second cabin passengers were drowned, their cabins being the first to get under water.

Saw Their Children Perish.

Many heart-rending incidents are mentioned. A group of six children clambered into the shrouds of the Sirio, while their mothers were taken off by rescuers. The Sirio sank before the children could be rescued. The mothers, frantic with despair, watched their children as they were engulfed. The children uttered piercing shrieks as they were drawn under the waves. It was with difficulty that the women were restrained from jumping into the sea. A monk among the passengers was drowned while kneeling on the deck.

The Austrian consul at Rio de Janeiro jumped into the sea, wearing a life belt. He noticed a woman and child near him on the point of going down. He gave up his belt to them and tried to swim ashore. He was almost exhausted when rescued by a fishing vessel.

The body of a child brought ashore had around its neck a picture of the Madonna and a young Italian who was drowned had clasped in his hand a picture of his fiancée. Among the drowned is the prior of the Benedictine order, with headquarters in London. All the stokers went down with the ship. They were unable to reach the deck in time to save themselves. Among the survivors at Cape Palos are many mothers who weep and wring their hands for lost children, while there are also a number of children who are unable to find their parents. These have been admitted to the city foundling asylum.

Commercial Congress.

Kansas City, Mo., Aug. 6.—The official call for the seventeenth annual session of the Transmississippi Commercial congress in Kansas City, Nov. 20, 21, 22 and 23 next, has been issued here by the executive committee. The gathering promises to be the most important since the congress organization.

Lightning Injures Children.

Decatur, Ill., Aug. 6.—Lightning struck the Walnut Grove church as Sunday school was dismissed. Several children were hurt, Carl Sutton being probably fatally burned. Half a dozen others were shocked. Fire caused by lightning destroyed the International View company's plant.

STRIKE NOT POPULAR

LACK OF UNION AMONG RUSSIAN LEADERS DOOMS THE MOVEMENT TO FAILURE.

RAILWAY MEN ARE AT WORK

LEADERS OF THEIR ORGANIZATIONS HESITATING TO ISSUE CALL FOR A TIE UP.

St. Petersburg, Aug. 6.—The fate of the general strike, which, although it has affected close to 10,000 men in St. Petersburg, has met with only slight response in other sections of Russia, probably will be declared off soon, with a reserve feeling of public opinion. The lack of union among the leaders of the proletarian organizations is playing against the success of the movement.

The railway men, upon whom the success of the entire movement depends, are still working full time. The leaders of the railway organizations are hesitating to issue a call for a tie-up. They fear being deserted and discredited by their materialistic followers, who are no more responsive to the avowed pretext of this strike, namely, sympathy with the mutineers of Sveaborg, Cronstadt and Reval, than they were to the similar reasons given for the abortive strike of last November. The railroad men have been intimidated by the recent law making strikes affecting communications penal offenses.

The council of workmen's deputies, which met secretly at Twirski, Finland, continued its session till a late hour Sunday morning. The deputies were so incensed at the timidity displayed by the railway men that they decided to resort, if necessary, to the blowing up of bridges and the destruction of the road beds, etc., to bring the transportation service to a standstill. Representatives of all the revolutionary parties and emissaries from Moscow, Kieff, Riga, Odessa and other cities were present at the meeting.

Appealed to in Vain.

The telegraphers thus far have been appealed to in vain. The final meeting of the council was still in session at 1:30 a. m. The first break in the ranks of the strikers occurred Sunday, when the printers decided to return to work. The employees of several street car lines and river ferries also have resumed labor. A steady downpour of rain all day prevented the open air gatherings scheduled for St. Petersburg and the consequent possibility of collisions and disorders. Sunday was without incident except for the departure for Cronstadt of the Eighteenth naval equipage. There were many drunken men among the sailors. Telegrams from the interior throw little light on the manner in which the country may be expected to respond to the call for a strike. There has been no cessation in the number of robberies and murders.

The government attaches much importance to the declaration of the Poles in the Minsk congress against the principle of expropriation and in favor of acquiescing in the dissolution of the lower house and the preparing for new elections. This action is regarded as almost equivalent to the withdrawal of the property classes of Poland from the Russian revolutionary movement.

The Novoe Vremya, which is the only newspaper appearing, except in dodger form, devoted a large portion of its space to an article prophesying war between Japan and the United States, and predicting a sure and speedy Japanese victory, the seizure of the Philippines and Hawaii and the occupation by the Japanese of California.

COMMUNICATION INTERRUPTED.

Wires Are Down Between Odessa and Sebastopol.

Odessa, Aug. 6.—Telegraphic communication between here and Sebastopol has been interrupted for forty-eight hours. Governor General Kaulbars has not yet returned from Sebastopol.

Flashlight signals were exchanged at midnight between the roof of the commandant's residence and a torpedo boat destroyer a few miles at sea. Thereupon the destroyer started at full speed toward the Crimea.

There is a certain apprehension of impending events. For the first time in two weeks Cossacks appeared in the town at night, forming a double guard at the residences of the governor, the prefects and the commandants and at public buildings.

Persistent reports are in circulation concerning conditions at the garrison.

TWENTY PEOPLE INJURED.

Passenger and Freight Trains Collide in Missouri.

St. Genevieve, Mo., Aug. 6.—Twenty people were injured in a head end collision between a passenger and freight train on the Frisco road here. The engines were demolished and the tracks torn up for a considerable distance. The injured were sent to St. Louis.

The passenger train was a special from St. Louis bearing representatives of the Knights of Columbus. Cuts and bruises comprised the injuries, and none of the passengers was fatally hurt. The engine crews jumped and escaped. It is claimed that the accident was due to the freight train's running in on the main track from a switch before the passenger train had passed. Three coaches of the passenger were derailed and traffic was considerably delayed.

CIRCULATED BY AN AMERICAN.

Handbills Warning Americans to Leave Mexico.

Mexico City, Aug. 6.—The impartial charges that the recently circulated handbills warning Americans to leave the country before Sept. 16 were circulated by an unknown American, who went from station to station distributing and posting the pretended proclamation. The impartial also asserts that certain railway companies in Texas and California have taken part in promoting the circulation of false and sensational reports.

The circulars were apparently signed by the Mexican League of Railway Employees, but this group of workmen declare positively that they had nothing to do with the matter.

MRS. LAWSON IS DEAD.

Wife of the Boston Financier Expires at his Summer Home.

Scituate, Mass., Aug. 6.—Mrs. Thomas W. Lawson, wife of the Boston financier, died at Dreamworld, Mr. Lawson's summer home here, Sunday. Mrs. Lawson has been suffering from heart disease for several months. With the exception of her son, Arnold, all of Mrs. Lawson's children and her husband were at her bedside when the end came. Arnold Lawson arrived home shortly afterward.

Mrs. Lawson, before her marriage to Mr. Lawson in 1878, was Miss Goodwillie of Cambridge.

EXPROPRIATION OF LAND.

Favored by a Congress of Baltic Landowners.

Riga, Aug. 6.—At a congress of Baltic landowners held here, a resolution was passed in favor of the sale of crown and church lands and the gradual expropriation of estates in excess of the established maximum. No peasant family owning more than fifty acres may obtain land under this system.

The Baltic nobility up to the present time has been opposed to the expropriation of land.

TROLLEY CARS COLLIDE.

Seventeen Persons Are Injured Near Worcester, Mass.

Worcester, Mass., Aug. 6.—Two cars met in a head-on collision on the Worcester and Holden trolley line five miles from Worcester and seventeen persons were injured. The most seriously injured are:

Miss Campello Presto, Boston, fractured skull, may die; Miss Florence Johnson, Worcester, broken kneecap, shock, condition serious; Miss Bertha Royce, Worcester, lacerations about lower limbs; Roland Johnson, Worcester, abdominal injuries, condition critical.

Stabbed by Insane Youth.

New York, Aug. 6.—While apparently crazed from hunger, John Carle, a homeless youth, crept behind William C. Pearson, a traveling salesman, who was walking through West Twenty-third street, and plunged a long knife into his back. As Pearson fell Carle sprung upon him and began rifling his pockets, but ran away when a dozen passersby rushed upon him. Half a block away he was captured by a policeman, to whom he surrendered.

Many Arrests Made.

Samara, Aug. 6.—The fighting organization of the revolutionists has issued a proclamation avowing responsibility for the assassination Aug. 3 of Governor Block of this city. Many arrests have been made. The governor was torn into fragments by a bomb.

Number of Peasants Killed.

Voronezh, Aug. 6.—Peasants of Bolgusha who had assembled for the village fair attacked a passing patrol of Cossacks. The latter replied with two volleys. A number of peasants were killed or wounded.

Incendiaries at Work.

Poltava, Aug. 6.—The torch has been applied to the stables, granaries and other buildings on the estate of Prince Chaplitsky. A flour mill also was destroyed. The incendiaries are not known.

Street Car Conductor Arrested.

Yekaterinoslav, Aug. 6.—The conductor of a street car was arrested here for reading to his passengers, among whom were several soldiers, accounts of the mutiny at Sveaborg.

PRIZES FOR RIFLEMEN

National Meet to Provide Fine Medals and Cash.

BIG MONEY FOR THE CRACK SHOTS

Over \$2,000 to Be Given in Cash Prizes For National Team Match in Great Military Tournament at Sea Girt, N. J.—Match For Young Rifle Shots Under Eighteen.

From Aug. 27 to Sept. 6 there will be the greatest gathering of military rifle shots that the United States has ever witnessed, the occasion being the rifle matches shot under the auspices of the national board for the promotion of rifle practice, the National Rifle Association of America and the New Jersey State Rifle association on the range at Sea Girt, N. J., says a Washington dispatch to the New York Sun. It is expected that there will be at least forty teams of twelve men each to compete in the national team match, while no estimate can be made of the number of marksmen who will enter the national individual match. This match is shot under the direction of the national board, and congress gives \$300 cash prize money for the match, together with four gold medals, four silver medals and four bronze medals. Private parties have contributed \$2,100 additional for cash prizes in this match, making a total of \$2,400, which is by far the largest sum of money ever given in the United States in cash prizes for rifle practice. It is expected that there will be more than 1,000 entries in this match alone.

Through the generosity of private contributors the prizes in our national individual match will almost approximate what is known as the king's prize, given by the king of England to the National Rifle Association of Great Britain, which amounts to \$1,250, accompanied by a gold medal and a gold badge.

The national team match, also under the direction of the national board, is open to teams of twelve men from the army, navy, marine corps, military and naval academies and the militia of each state, the army being allowed two teams, one representing the cavalry and the other the infantry. It is regretted by all the friends of rifle practice that, owing to other duties, the students at the military and naval academies will not be able to attend. In this match there will be the national trophy donated by congress and \$300 in cash, the Hilton trophy and \$200 in cash and the Soldier of Marathon, presented by the commander in chief in behalf of the state of New York, and \$150 in cash. There are three other cash prizes, and each member of a winning team will receive a properly inscribed bronze medal. The national board will also supervise the national pistol match, which is open to the various military organizations and to members of the National Rifle association and affiliated clubs. The United States service pistol, Colt's or Smith & Wesson, caliber 38, must be used with the service cartridge. In this match there will be seven gold medals, together with fifteen cash prizes.

A large number of matches will be shot under the supervision of the National Rifle association. The leading match is for the Wimbledon cup, presented by the National Rifle Association of Great Britain. This is open to all citizens and residents of the United States, and any rifle and any ammunition may be used. It is shot for at 1,000 yards and carries the long range championship of the United States and four cash prizes. The president's match carries with it the military championship of the United States, a championship medal and an autograph letter from President Roosevelt, together with eight cash prizes.

The membership match for the championship of the National Rifle association is for a gold medal and seven cash prizes. The regimental championship team match will this year have a new trophy contributed by the regiments of the United States, valued at \$500, to become the permanent property of the organization winning it three times. This carries with it a medal to each member of the winning team and \$150 in cash, and there are three other cash prizes. A solid silver trophy valued at \$250 has been donated for the championship regimental skirmish match, which becomes the property of any team winning it twice. The intercollegiate match carries a trophy, a medal to each member of the winning team and two cash prizes. This trophy was won last year by the team from Princeton university. The interclub match for the rifle club championship of the United States has a number of gold, silver and bronze medals and three cash prizes. The national marksmen's match is open to any citizen of the United States between the ages of eighteen and forty-five, and competitors making a total of fifty points will be enrolled in the office of the military secretary of the war department as a national marksman and also receive a national marksman's reserve button. There will also be a championship revolver team match for the Hale trophy and three cash prizes.

The New Jersey State Rifle association matches carry a large number of trophies, first of which is the Dryden trophy match, the trophy presented by Senator Dryden of New Jersey and one of the handsomest trophies in the country. This carries with it three cash prizes of a total of \$300. All the matches carry cash prizes, and the aggregate cash distributed will be something over \$5,000. The railroads have made a special rate of one and one-third fare for

the round trip to Sea Girt from Aug. 22 until noon on Sept. 9.

This great military tournament will open on Monday, Aug. 27, with the matches of the National Rifle association and the New Jersey State Rifle association, which will continue through the week. The national board matches will begin on Monday, Sept. 3, Labor day, and continue through Thursday and probably longer. The president's match will be shot on Monday, the national team match on Tuesday and Wednesday and the national individual and national pistol matches on Thursday, Sept. 6. On account of the great number of entries expected in these last two matches it is probable the tournament will extend through the remainder of the week of Sept. 3.

A match which will attract great attention among the younger rifle shots is that which will be known as the students' match, which is open to any college student or schoolboy under eighteen years of age. The distance will be 200 yards. Any rifle with open or military sights and any ammunition may be used. For this match \$200 will be divided into sixteen cash prizes.

SAGE AS A BENEFACTOR.

Financier's Care of Indian Girls. Why Muskogee Lost a School.

The death of Russell Sage, the famous financier, removes a benefactor who will long be remembered by some Indians of the five tribes who owe their education to him, says a Muskogee (I. T.) correspondent of the Kansas City Star. Mr. Sage's first visit to Indian Territory was in 1883, when, with Jay Gould and others, he made an inspection trip over the Missouri, Kansas and Texas railroad, which the Goulds then controlled. He spent one Sunday afternoon on a siding in a special car in Muskogee. Because he thought the women of Muskogee were too well dressed for an Indian town Muskogee lost the money that might have been given to found a school for Indian girls in Muskogee. Mr. Sage's comment at that time was, "These women are fitly dressed to appear at church on Fifth avenue instead of in this Indian town."

It was the same year that Mr. Sage sent a private car to Indian Territory to take fifteen Indian girls from Indian Territory to Northfield to attend school there. These girls were of the Creek, Cherokee and Choctaw nations. Several of them are educated and talented women still living in Muskogee.

In 1888 the old Creek Indian mission school in Tallahassee, fifteen miles northwest of Muskogee, burned Christmas day, and 100 Indian children were left out of school and twenty-eight of them had no homes to go to. Miss Alice Robertson, postmistress at Muskogee, was then in charge of the school. She went to New York and bearded Russell Sage in his office and finally succeeded in getting him to send the twenty-eight Indian children to Carlisle, where they were taken over by the government school, which refused to take them unless they were sent there without expense. Several of these Indian students remained at Carlisle until they graduated. One of these is Ben Marshall, who owns the finest fruit farm in the Creek nation.

Miss Robertson about this time had started a mission school at Muskogee for Indian girls and others. She needed funds to enlarge the school and appealed to Russell Sage. It was at that time that Mr. Sage made the statement that he would not give money for a school here because the women dressed too well.

IMP OF INDIGESTION.

How to Get the Better of this Cause of Misery.

A scientific writer upon stomach troubles says: "If you have ever suffered from indigestion,—and who has not?—your imagination has probably pictured a ferocious little imp dancing in the pit of your stomach, causing that organ to neglect all of its duties, with a result that is not only painful but fills you with misery from day to day." This writer certainly had suffered from indigestion, for there is no more disagreeable, nerve-racking and sick-all-over disease than indigestion.

A great many people who have been treated for years for diseases of the heart, liver or kidneys, when they used Miona stomach tablets found that not only did Miona cure the stomach disorder, but it made them well all over and the other troubles were also cured.

If you suffer with nervousness, sleeplessness, indigestion, sick or nervous headache, pains in the back or sides, get a 50c box of Miona from H. P. Dunn & Co., and take one of the little tablets before each meal. It will do you a world of good and you will soon be well and free from indigestion, and its symptoms. H. P. Dunn & Co., have so much faith in this medicine that they give an absolute guarantee with every box. Ask them to show you this guarantee.

Horse Medicine For a Premier.

Among the letters received by Prince von Buelow, the German premier, during his recent illness was one from a veterinary, urging him to take the contents of a bottle which accompanied it. The medicine's efficacy had been fully tested, he wrote, on horses suffering with sunstroke.

The L. J. CALE'S Department Store's way of doing business. It is the policy of this Mammoth Department Store to buy goods in the largest and best markets of the world. We have lived with you; we have done business with you and have studied your wants for over a quarter of a century and we feel, "without boasting," that we understand fairly well what your wants are. You want the best Dry Goods; you want the best Foot Wear and Clothing and Groceries for your family, at the lowest possible prices. To get the best at the lowest possible price, we must go where the best is made and kept. On Thursday, August 9th, we will start for New York city, the emporium of fashion and the greatest market of the world. Here we will spend two or three weeks ransacking every nook and corner to buy the latest and best that France, Germany, England and the United States can produce. Watch for the arrival of these goods. We want you to feel that we are doing our best for you; that we are trying to make your hard-earned dollars to go as far as possible in supplying the wants of your family. We want you to feel that this is your great Department Store, that you can say that it is not only profitable but a pleasure to trade with us. That's the meaning of the way of doing business at Cale's Department Store. Honest and good.

.....THIRD ISSUE ON
Fire Insurance Quality
Extract taken from the "Journal of Commerce and Commercial Bulletin"—New York, July 30, 1906.
The substantial old Franklin Fire Insurance company, of Philadelphia, in announcing to its agents its increase in capital stock to \$1,000,000, reference to which has already been made in these columns, states that the new stock of \$800,000 will be issued at 300 per cent, thus providing \$600,000 additional surplus. This move on the part of the Franklin was taken with a view to broadening its policy and extending its territory of operation, and the management also announces that hereafter a more aggressive policy will be pursued.
Manager Hollinshead, in setting the proposed change before the agents of the company, says: "This action will make the company larger and stronger than heretofore, and will enable it to meet the requirements of an exacting insuring public."
I represent this sound and conservative, as well as progressive Fire Insurance Company. Quality counts in Fire Insurance. The best is none too good.

FUNERAL OF MRS. ELLEN MOOERS

Was Attended by a Large Number of Sorrowing Neighbors And Friends

SHE WAS BELOVED BY ALL

Mrs. Mooers was Always Ready To Give Active Help to the Sick and Afflicted

When all that was mortal of Mrs. Ellen Mooers was laid to rest in Evergreen cemetery Sunday afternoon, there passed from among the people of Brainerd a most notable character. Coming in 1863 from Chicago to the old Crow Wing agency in what was then the wildest of the wilds of the north-west, her life has been spent in Crow Wing county for well on to half a century. During all that time she has ever been one of the Marthas who was ready to serve others. She raised a family of seven children, three of whom, with her husband, have passed to the great beyond. The older children were brought up in the wilderness, their playmates being Indian children and Chippewa was as familiar to them as their mother tongue. Of the loneliness of her life here she was loth to speak, but could she have been induced to do so she could have told stories of danger and hardship that would make many a man quail. Through it all she remained womanly and tender, helpful to the sick and afflicted.

The funeral services were held from the residence on North Broadway yesterday, Rev. E. A. Allin officiating, assisted by Rev. Richard Brown. The Eolian quartette consisting of Mrs. Atherton, Mrs. LaBar, Mr. Alderman and Mr. Webb sang several beautiful selections and the remarks of Mr. Allin were a very touching tribute to the life of Mrs. Mooers. The following gentlemen officiated as pall bearers: H. J. Spencer, C. E. Peabody, D. J. Smith, J. M. Elder, N. B. Chase, Fred Hoffman. The floral tributes were superb, there being so many flowers that it was impossible to send them all to the cemetery at the time of the funeral. A handsome tribute of white roses was received this morning from friends in St. Paul.

Mrs. Mooers left three children, Mrs. Vine M. Connick, of El Reno, Oklahoma, Wm. E. Mooers, of Larrimore, N. D., and Hiram M. Mooers, of Brainerd. There are also two granddaughters, Misses Effie and Maud Connick and a nephew, Charles Mooers.

Mr. and Mrs. Mooers were married in Chicago and came to Crow Wing agency shortly after, arriving here in 1863. They resided at the agency until the buildings burned there when they moved to Gull River, then a flourishing village. They were burned out again there and came to Brainerd about 16 years ago. Mr. Mooers died about eight years ago, since which time Mrs. Mooers has made a home for her sons William and Hiram. Her illness was very brief, being less than a week, and her death was a shock as well as a sorrow to the family and a large circle of friends.

Men Past Sixty in Danger

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old."

INQUEST IS HELD

Post Mortem Examination on Campbell
Practically Exonerates Bereman of
Murder Charge

Bemidji, Minn., Aug. 5.—Last night at Hought the post-mortem was performed on the body of Archie Campbell at the LaBree hotel in Hought, the examination being conducted by Deputy Coroner Dr. Ward, of Northome and Dr. Smith of this place, who went there at the request of the dead man's father, W. S. Campbell of Rolette, N. D.

The post-mortem was carefully performed and the body thoroughly examined. The statements of the physicians making the post-mortem practically clears Bereman of the charge.

The preliminary hearing of Edison Bereman and F. Brady, who are being held for examination, will be held at Northome before Justice Duncan and in all probabilities the defendants will waive examination and secure bail to the district court.

MUSIC AND DRAMA.

"UNCLE JOSH" IS IN TOWN.

The attraction at the Brainerd Opera house tonight will be the ever reliable "Uncle Josh Perkins", the successful rural comedy drama. It serves a distinct and highly commendable purpose, for it teaches in the clearest and most entertaining way imaginable and in a thoroughly up to date manner the truth of the old saying "love will find a way." The chief interest in the piece centers in the love of Uncle Josh for his young daughter Nan. The entire cast of "Uncle Josh Perkins" has been selected from among the best known, most widely experienced and most conscientious actors and actresses of the American stage. The piece is most elaborately staged, and equipped with beautiful scenery. The engagement is for tonight only. Prices 75c, 50c and 25c.

FATHER LYNCH SAYS FAREWELL

Large Crowd, Including Many Protestants, Hear His Farewell Discourse.

HIS SUCCESSOR IS NAMED

Father J. J. O'Mahoney, of Grand Rapids, is Assigned to St. Francis Church.

St. Francis church was crowded to its doors yesterday by citizens of Brainerd, Catholic and Protestant alike, who were anxious to hear the farewell sermon of Father Lynch. He spoke about 45 minutes, giving a review of what had been accomplished for the church during his pastorate and bidding adieu to his many friends here. Father Lynch spoke with much feeling and there was scarcely a dry eye in the house when he concluded.

He announced the appointment of Father J. J. O'Mahoney, of St. Joseph's Catholic church, Grand Rapids, as his successor and urged his parishioners and other friends to give that gentleman all the assistance possible.

The Grand Rapids Herald-Review of Saturday contains the following regarding Father O'Mahoney and to the changes made in the three parishes:

Father O'Mahoney Goes to Brainerd.

"Rev. Father J. J. O'Mahoney of St. Joseph's Catholic church will say mass and deliver his farewell sermon here tomorrow. He has been transferred to Brainerd, which is the third largest and most important parish of Northern Minnesota. Rev. John Feehelly of West Duluth will come to Grand Rapids and Rev. Father Lynch will be transferred from Brainerd to West Duluth. During the past three and a half years Rev. Father O'Mahoney has been in charge of this parish. Under his care St. Joseph's church has prospered. When he came here the church had a debt hanging over it of several hundred dollars. This has been cleared up besides the expenditure of over five thousand dollars in enlarging the edifice and making other substantial improvements. He leaves the parish absolutely free of all indebtedness. As a priest of the people he has been a zealous worker for all that tended to the upbuilding of Christian citizenship and moral purity. As a pulpit orator he is eloquent, forceful and uncompromising in dealing with all things sinful. His sojourn in Grand Rapids has been for the good of the church and the people and many are the sincere regrets expressed for his removal to another field of labor. The Catholic people of Brainerd will have a worthy successor to Father Lynch, who has been here for the past thirteen years, and the whole community will be enriched by the addition of a loyal, Christian citizen."

The arrangements are going forward rapidly for the reception to Father Lynch Wednesday evening, also for the banquet to follow. The committee requests THE DISPATCH to again remind the members of St. Francis parish that it will be necessary to get tickets early if they wish to attend the banquet as there will be seating room for only 150 and the first come the first served. There will be some who cannot get tickets at best and the disappointed ones will have only themselves to blame.

THIS IS THE TEST.

The Testimony of Brainerd People Stands the Test.

The test of time is what tells the tale. The public soon find out when misrepresentations are made, and merit alone will stand the test of time.

Brainerd people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make a statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for. R. D. Vansom, engineer, of 201 11th St., N., Brainerd, Minn., says: "What I said in recommending Doan's Kidney Pills in our local papers some six years ago was not only true, but I can state today that after further experience with this remedy, it is the best preparation of the kind that I ever tried. Before I got my first box at H. P. Dunn & Co's drug store I had suffered for a good many years with kidney troubles. I had a great deal of pain in the back and loins and there was annoying irregularity in the action of the kidneys. Night brought me only restless sleep as I could not lie in one position without getting sore and lame. When stooping or lifting I suffered intense pain if I tried to straighten suddenly. Doan's Kidney Pills entirely cured me at that time, and when I suffered a similar attack some years later, I again used Doan's Kidney Pills with the same satisfactory results."

Mc GINNIS STORE CLOSED

No Further Retail Business will be Done—
Stock will be Closed Out at Wholesale in Near Future

The McGinnis drygoods store is a thing of the past. It was closed up Saturday as advertised and a force of clerks is now taking inventory. Mr. McGinnis states that the stock will be closed out at wholesale, the present overcrowded condition of the dry goods business in Brainerd rendered it unprofitable to continue the retail business longer. He tried to find a location to remove the stock to, but at towns where he could get buildings he did not want to locate, and at towns where he wanted to take it he could not get store room. When asked as to his future intentions Mr. McGinnis stated that he had as yet made no plans, the first thing to be done being to close out this stock. It will be widely advertised and sold at wholesale.

ELECTRIC MILKER.

Device by Which Boy Milks Thirty-two Cows in Five Minutes.

Charles Francis, a farmer near Medina, N. Y., is using a patent cow milker operated by electricity transmitted from a power plant five miles away, says a Rochester special dispatch to the New York World. The Ontario company has completed a power cable from Niagara Falls to Syracuse, 150 miles, and by its charter must furnish current along the route. Farmers, particularly dairymen, are making great plans for using the current for all kinds of farm work. That Niagara falls will be milking the cows between the falls and Syracuse is no idle dream.

Farmer Francis is an ardent advocate of the electric cow milker, for a boy of fifteen milks his thirty-two cows in less than five minutes, even the irascible kickers. Mere manual la-

bor would for this same work require four men two hours, not counting the kicking cows, the flies, the switching tails and other drawbacks.

If fortune disregard thy claim,
Don't hang thy head in fear and shame,
But marry the girl you love best.
Rocky Mountain Tea will do the rest.

GOING AFTER DIETZ

SHERIFF GYLLAND OF SAWYER COUNTY IS PLANNING ANOTHER EXPEDITION.

DEPUTIES ARE EXONERATED

WISCONSIN OFFICER SAYS THAT WOUNDED MAN ADMITS THEY DID NOT DESERT HIM.

Milwaukee, Aug. 6.—Sheriff James Gylland of Sawyer county is planning another attempt to capture John F. Dietz. His chief deputy, Arthur J. Hoeft of Milwaukee, has received word from him to meet him at Hayward. Hoeft will leave for the north at once.

In his letter to Hoeft Sheriff Gylland denies that he accused him or the other Milwaukee men of being cowards. He also denies that Rogich claimed he was deserted by them.

"I am about the only one outside of his physician and nurse who has spoken to Rogich," said the sheriff in his letter, "and there is no truth in the report that he accuses the deputies of deserting him. He admits he left the spot where you placed him and did not wait for you to return. He says this mistake is what cost him all his suffering. He is improving rapidly and I think in a few days he will be able to return to Milwaukee."

In speaking about his return to Sawyer county, Hoeft said:

"If Sheriff Gylland makes another attempt to arrest Dietz, he will either be successful or there will be a bigger 'dead and wounded' list than there has been heretofore. I do not know how the sheriff feels about it, but I know the reports in the newspaper, many of them false ones, have stirred me up, and if we once start to get Dietz again I will not return until we do get him."

DUEL TO THE DEATH.

Both Fighters Killed in Street Battle at Chadwick, Mo.

Springfield, Mo., Aug. 6.—In the streets of Chadwick, a small town thirty miles south of Springfield, Charles Freeman, a merchant, and Robert Keene, eighteen years old, fought a duel to the death with revolvers. Suit recently was brought by Freeman against Keene, charging the latter with assaulting his fifteen-year-old daughter. Freeman was reported to have threatened to shoot Keene on sight and both men went armed. When they met on the street they immediately drew their revolvers and began firing. Freeman was shot twice, one bullet penetrating the forehead and another in the region of the heart. Keene was shot three times, one bullet striking him in the heart. Both men were dead when the spectators reached them.

TRAGEDY OVER A "GROWLER."

One Negress Killed, Another Wounded and Their Assailant Arrested.

St. Louis, Aug. 6.—A bucket of beer thrown into the face of Sarah Hawkins, a negress, resulted in the serious stabbing of the Hawkins woman and killing of William Watson, a negro, and the killing of Tiny Watson, a negress, who threw the beer. Green and the Hawkins woman were placed under arrest after having been given medical attention.

ONE KILLED AND TWENTY HURT.

Heavily Loaded Car Overturns While Rounding a Curve.

Danville, Ill., Aug. 6.—A heavily loaded car on the Danville-Urbana interurban line was overturned while rounding a sharp curve here at night. Kelly Smoot, a constable, was killed, and twenty passengers seriously injured. The accident was caused by a drawbar pulling out of the front trucks. The car rolled down a ten-foot embankment.

SERIOUS FIRE IN COLLIERY.

Property Valued at One Hundred Thousand Dollars Destroyed.

Pottsville, Pa., Aug. 6.—There was a serious fire here in the east Pine Knot colliery of the Philadelphia Coal and Iron company, near this place. The fire started in the boilerhouse and six boilers were rendered useless and six buildings nearby were destroyed. Loss, estimated at \$100,000.

Fatal Train Wreck.

Chicago, Aug. 6.—Charles McCann, fireman of Dixon, Ill., was killed, and A. W. Loakman, engineer of this city, was severely injured when part of a coal train on the Chicago and Northwestern railroad jumped the track and fell twenty feet down an embankment at Fortieth avenue and Kinzie street. The engine and two cars were wrecked. McCann was caught under the engine and scalded to death.

Minneapolis Man Stabbed.

Minneapolis, Aug. 6.—Harold Soderberg of this city was seriously and perhaps fatally stabbed on an Eighth and Central car here as the result of a passage of angry words between himself and two strangers, who afterwards escaped.

KILLED IN A PISTOL DUEL.

Engineer Shot Dead in a Fight With Deputy Sheriffs.

Council Bluffs, Ia., Aug. 6.—Ed Yoncker, a Great Western engineer, recently from Joliet, Ill., was instantly killed in a pistol duel with several deputy sheriffs at Lake Manawa, a summer resort near here. Yoncker's wife and two children were witnesses of the tragedy.

Yoncker, who is thought to have been slightly demented, created excitement at Lake Manawa by flourishing a pistol and making threats against the management. He was disarmed and ejected from the grounds. Later he returned with two pistols and when officers tried to disarm him he opened fire on them. Five deputies at once returned the fire and Yoncker fell dead. No one else was hurt, though the shooting occurred in a crowded portion of the grounds.

WARMLY WELCOMED.

Harvard Crew Cordially Greeted by English Newspapers.

London, Aug. 6.—The visit to England of the Harvard oarsmen is warmly welcomed by the London newspapers and their race with the Cambridge crew is awaited with the keenest interest. This interest is heightened because the Americans use the same style of rowing as is in vogue at the English universities.

Hope is generally expressed that this visit may result in an annual race between the winners of the Oxford-Cambridge and Yale-Harvard contests. The Tribune says it will be an epoch-making race and one of the biggest things in the history of sport.

CULLOM IS VICTORIOUS.

Former Governor Yates Defeated in Illinois Primary Election.

Chicago, Aug. 6.—Later returns from the primary election in Illinois show that the advisory vote for United States senator will give Shelby M. Cullom, senior senator, a plurality of about 35,000 over Former Governor Richard Yates.

Complete returns from this city show that J. T. McDermott received a plurality for the Democratic congressional nomination in the Fourth district.

Invited to Go to Panama.

Omaha, Aug. 6.—Senator Joseph H. Millard has received an invitation from President Roosevelt to accompany the presidential party to Panama next November. The invitation was extended through Secretary Taft.

BANKER'S SON A SCULLION.

Young Idealist Studying the Lowly So as to Uplift Them.

Phillip Vanzant, son of George Vanzant, president of the Prairie State bank, is putting in his vacation as a scullion in the kitchen of a club at Lake Geneva, says a Chicago dispatch.

Young Mr. Vanzant is a theological student in the University of Chicago, and his ambition is the ministry. He is filled with high ideals and is an earnest believer in the "uplift." He has taken the course of washing pots and pans, carrying coal and mopping up grease so that he can study the character of the people whom he proposes to reach when he begins his "uplift" crusade. He has been at the work a little over a month, and in that time some of his ideals have been smashed and others have received severe jolts.

One of his most cherished ideals about the greater democracy and the equality of man was smashed the first Sunday he was at Lake Geneva. His father, mother and younger brother were guests of the club that day. When it came time for dinner, after he had turned the ice cream freezer, thrown out the garbage, cleaned up the pots and pans, fixed the fires and scrubbed the grease up from the floor where the cook had let it spill over, he cleaned himself up, put on his coat and went into the dining room to dine with his family and the other guests. But some of the members, knowing he had been doing menial work, objected and were so rude about it that he was obliged to withdraw.

Vanzant has organized a Bible class among the help, to which he devotes an hour every Sunday.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only catarrhal cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address—F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c.
